

K-love radio is a valuable station for our family to listen to. It is uplifting and inspiring, encouraging high moral values and challenging my children and myself to constantly bettering ourselves, unlike many other stations in our area that play music that negatively affects our attitudes and moral values.

Many of our friends listen to the station and comment on the challenges given. To take away K-Love would be another step in the wrong direction, leading our nation and children to choose other values and be negatively influenced by them. If K-Love were replaced by a LPFM broadcaster I highly doubt that we would find an adequate replacement of such an excellent and much needed station as K-Love.

I sincerely believe that letting the LPFM take priority over the FM current translator services is a HUGE mistake! Our family needs K-Love and is blessed, as many other families are throughout the US with it's many services to the public! Please reconsider the ramifications of our country and youth that your actions will affect.

Thank you.
